

What All is Included in Post Construction Cleaning Services?

Post-construction cleaning services encompass everything to do with your post-construction cleaning needs. These folks will come into the area after construction is done and move all the furniture back out, vacuum up all the drywall dust and debris left behind, scrub down the floors, clean kitchens, bathrooms, etc. If you've got a big project or two coming up shortly, then odds are you need post-construction cleaners for your personal needs. [Clean For Good](#) is a national leader in post-construction cleaning services, and we've been cleaning homes across Canada for years.

Post Construction Cleaning Services Includes

1. Eradication of Drywall Dust and Debris

Post-construction cleaning services will cover your drywall dust and debris removal needs. These people will remove all of the debris from your construction site and then go back and clean it up after the job is done. It would help if you had someone who is not only professional but someone you can trust when it comes to the care of your home.

2. Equipment Distribution and Storage

We also take care of all the equipment used to clean your home. That includes everything from vacuums to blowers. They'll ensure that everything is properly stored so that you won't have any problems when it comes time for them to dust and clean your home.

3. Professional Post Construction Cleaning

Our professionals will come into your home and clean it from top to bottom so that you can live in an environment that reflects your taste and style. They'll check out the entire house, even if there isn't anything for them to do, just so that they don't miss anything when it comes time to dust and clean your home post-construction cleaning services.

4. Professional Cleaning Equipment

We know that different firms have different needs for their equipment. That's why when you work with us. We'll make sure that you can choose from our many different kinds of equipment and then give you a free quote on the cost of everything. With so many options, you're sure to find something that suits your needs immediately.

5. Cleaning at an Affordable Cost

When it comes to saving money, we can save you money on your Post-construction cleaning services by being professional and efficient when it comes to your job. We know what works and what doesn't work when it comes to getting the dust and debris out of your home after a construction project is complete, and we'll send over the right crew for the job.

6. Professional Post Construction Cleaning

If you want only the best construction cleaning services, call us. We've been cleaning homes in Toronto, BC, and beyond for years on end, and we know what it takes to help homeowners get their homes back to normal as quickly as possible so they can enjoy their property the way they should.

7. Cleaning that's Right for your Home

We only send over crews with the right kind of equipment and the right training to ensure that you get the best construction cleaning services you can get. We know what works and what doesn't when getting rid of drywall dust and debris, so we're here to help you ensure that it's all taken care of properly.

Our Post Construction Cleaning Services Include

Cleaning and Restoration of: - Elevated Flat Areas - Low Ceilings - Crawl Spaces - Basements - Porches/Patios/Deck Areas- and any other areas that need dry cleaning.

Removal of old paint, wallpaper, mold, and mildew: We don't leave the area dirty. We are trained to perform a sanitary clean-up, removing the problem that caused it in the first place.

Cleaning and Pump Out of: - Carpets and Upholstery - Tile and Concrete Floors - Carpeted Doorways - Hardwood Floors - Rugs & Area Rugs - Dry Walls & Ceilings- All including behind all wallpaper, to remove any mold or mildew. We can remove all soil or spills left behind by the cleaning crews (i.e., furniture oil, paint, etc.).

We do not leave any spots or rugs dirty. We clean and sanitize all carpets, area rugs, and tiles in the home. We do not get over wet carpets or area rugs with whatever cleaner is used. Valet molding, appliances, dressers, and other furniture pieces with or without damage. Waxing of baseboards, furniture, and mirrored surfaces to remove any water stains. We don't leave the room dirty after we clean it, we empty the water from our buckets back into your sinks.
