REQUIRE A MILLION-DOLLAR SMALL  
BUSINESS LOAN, REACH OUT TO US  
TODAY FOR FUNDING!

Specialty Capital

# CRITERIA FOR A MILLION DOLLAR LOAN

When qualifying for a million-dollar company loan, you must meet a set of business credit standards. Different methods are used to assess the financial health of a corporation.

Documentation supporting the business's ability to run successfully with a substantial new debt is one of the criteria you'll require.

# **LOANS FOR BUSINESS WITH BAD CREDIT**

Bad credit business loans are available to business owners with a bad personal credit or a poor corporate financial picture. This funding includes daily or weekly payments, and the costs are specified before funding.

This product has minimum paperwork needs, and financing may be obtained as soon as the next day. This financial instrument is an excellent alternative when regular finance is not an option.

# Loans For Working Capital

Working capital loans are attractive options for small business owners who need money to finance their company's everyday operational needs. This lending option provides multiple payment schedules, including daily, weekly, and monthly alternatives.

## **How Frequently Do You Make Payments?**

Several small company loans are available, each with its own set of payment alternatives. The three payment options for your small business loan are listed below. One exception is a merchant cash advance, which deducts a portion of sales as they are processed.
